APPLICATION FOR PERMIT TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF NEVADA

Date of filing in State Engineer's Office SEP 29 1969
Returned to applicant for correction.
Corrected application filed
Map filed June 22, 1964, under 21886
The applicant Marsha L. Bingham 2209 Las Verdes
of Las Vegas, County of
State of Nevada , hereby make application for permission to appropriate the public
waters of the State of Nevada, as hereinafter stated. (If applicant is a corporation, give date and place of incorpora-
tion; if a copartnership or association, give names of members.)
1. The source of the proposed appropriation is. Underground Name of stream, lake or other source.
second for
2. The amount of water applied for is
Trrigation and Domestic
3. The water to be used for Irrigation and Domestic. Irrigation, power, mining, manufacturing, domestic, or other use.
4. If use is for:
(a) Irrigation (state number of acres to be irrigated)
(b) Stockwater (state number and kinds of animals to be watered)
(c) Other use (describe fully under "No. 11. Remarks")
(d) Power:
(1) Horsepower developed
(2) Point of return of water to stream
5. The water is to be diverted from its source at the following point: NE 4SE 4, Section 14, T.2S.,
R.67E., M.D.B.&M., or at a point from which the SE corner of Section Describe as being within a 40-acre subdivision of public survey, and by course and distance to a section corner. If on unsurveyed land,
13. T.2S. R.67E., bears S. 69° 41' E. a distance of 6,059.4'.
6. Place of use E ¹ / ₂ SE ¹ / ₄ , NE ¹ / ₄ , N ¹ / ₂ NW ¹ / ₄ Section 14, T.2S., R.67E., M.D.B.&M. Describe by legal subdivision, if on unsurveyed land it should be so stated.

7. Use will begin about January 1 and end about December 31 , of each year. Month Month
8. Description of proposed works. (Under the provisions of NRS 535.010 you may be required to submit plan
and specifications of your diversion or storage works.) Drill and case wells, pumps,
motors. (pump) ditches, water storage and sprinklers. State manner in which water is to be diverted, whether by dam or other works, whether through pipes, ditches, flumes, or other conduits.

Applicant Marsha L. Bingham By s/ Marsha L. Bingham Compared jw/jb jls/jw Las Vegas, Neva APPROVAL OF STATE ENGINEER This is to certify that I have examined the foregoing application, and do hereby grafollowing limitations and conditions: This permit is issued subject to all source. It is understood that the smount of water herein granted temporary allowance and that the final water right obtained under be dependent upon the amount of water actually placed to benefice understood that this right must allow for a reasonable lowering of level at permittee's well due to any other ground water developme substantial weir or other type of measuring device must be installed for water use kept. The well shall be equipped with a 2-inch open depth to water. If well is flowing, a valve must be installed an vent waste. The State retains the right to regulate the use of the granted at any and all times. The amount of water to be appropriated shall be limited to the amount which can be appnot to exceed. 5.4 cubic feet per second, but not duty of 5.0 acre-feet per acre of land irrigated from any and/or Actual construction work shall begin on or before. A Proof of completion of work shall be filed before. So work must be prosecuted with reasonable diligence and be completed on or before.
